

**Mary Miranowski, RDN, CNSC**

Mary Miranowski is a Registered Dietitian Nutritionist and Medical Affairs Manager at Nestlé Health Science. She earned her Bachelor's of Science in Dietetics at the University of Minnesota and completed her internship at Regions Hospital in St. Paul. Prior to her position with Nestlé, Mary was a nutrition support and renal dietitian for 8 years with Hennepin County Medical Center, a Level 1 trauma center and Davita, respectively.

Over the past 10 years, Mary has become specialized in her study of the clinical evidence surrounding the efficacy of perioperative immunonutrition protocols, and worked to develop a number of tools to assist implementation for clinicians and compliance for patients.

She helped to facilitate the North American Surgical Nutrition Summit and the reporting of these consensus recommendations. She also facilitates Nestlé Nutrition Institute webinars on surgical nutrition as well as educational programs at the A.S.P.E.N. annual meeting.
