GET ON WITH LIFE

WITH DAILY SUPPORT FOR YOUR OCCASIONAL ABDOMINAL SYMPTOMS†

IBgard® with Vitamin D is only available on Amazon!

POWERED BY NATURE.... PERFECTED BY SCIENCE

DO YOU EXPERIENCE ABDOMINAL DISCOMFORT, BLOATING, CHANGES IN BOWEL HABITS?

We understand how your abdominal symptoms can be **unpredictable, distressing and exhausting**. They can **significantly disrupt** your daily life.²⁻⁴

Many people try a range of methods to help relieve their symptoms, but don't get the results they want and experience unwanted side effects.⁵

This is why we developed IBgard®, made with ultra-purified peppermint oil, to help manage occasional abdominal symptoms and provide **daily gut health support**†

EXPERIENCE THE IBgard® DIFFERENCE

IBgard® is the only solution clinically shown to help manage a combination of occasional abdominal symptoms using patented Site-specific Targeting (SST®) technology, which delivers **ultra-purified peppermint oil** to where it is needed.†

Peppermint oil

Relaxes your digestive system and helps manage occasional symptoms in your gut.†

The peppermint oil is contained within uniquely designed tiny spheres with a three-layer coating⁶

All three layers work together to ensure the peppermint oil is released directly to the source of your occasional symptoms for fast action^{6†}

POWERED BY NATURE.... PERFECTED BY SCIENCE

THE GENTLE APPROACH

This gradual release allows a slow and gentle approach. The calming action of peppermint oil steadily travels through the gut to give you support for occasional abdominal symptoms^{7†}

This triple coating technology also minimizes the potential for heartburn, unlike single coating technology used in peppermint oil products

**IBgard® HAS BEEN SHOWN TO ACT
IN 24 HOURS OR LESS†**

When taken daily, IBgard® was shown to start working in as little as 24 hours.†
